

# Women & Heart Disease

## For more information

- Log into (or create) your secure Medicare account at Medicare.gov to access your preventive health information. You can track your preventive services, get a calendar of the Medicare-covered tests and screenings you're eligible for, and print a personalized report to take to your next doctor's appointment.
- Contact your provider to schedule an appointment. If you need a provider, you can find and compare different Medicare providers in your area by visiting Medicare.gov/care-compare.
- Visit Medicare.gov/coverage.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

You have the right to get Medicare information in an accessible format, like large print, braille, or audio. You also have the right to file a complaint if you feel you've been discriminated against. Visit Medicare.gov/about-us/accessibility-nondiscrimination-notice, or call 1-800-MEDICARE (1-800-633-4227) for more information. TTY users can call 1-877-486-2048.

Things you need to know  
about Medicare coverage

# Medicare Coverage & Heart Disease

It's important to ask your doctor about your risk for heart disease. Medicare covers many services that can help lower your risk.

Medicare covers these items and services to help prevent, diagnose, treat, or manage heart disease:

- Preventive visits
  - “Welcome to Medicare” preventive visit (within the first 12 months you have Part B)
  - Yearly “Wellness” visit
- Cardiovascular screening and behavioral therapy
- Clinical laboratory services (lab tests)
- Help with diabetes
  - Diabetes screening
  - Medicare’s Diabetes Prevention Program
  - Diabetes self-management training
  - Medical Nutrition Therapy
- Help to quit smoking
- Prescription drugs if you have Medicare drug coverage (Part D)

**Note:** You may have to meet certain criteria to be covered. Coinsurance and/or deductibles may apply.
